

Clients in Drug Court must periodically appear before the Judge for a review of their performance. The Judge may ask for a mentor’s input. Below is the report the court has approved. Judge Todd has been very clear that they need the report submitted by the time they indicate and that it is not to be detailed. You will be notified in each case of when to submit. Examples of possible answers are below; the required items are in bold on the left side; sample answers on the right. Email the report back to the requesting party, who will notify you by email.
